RULES AND REGULATIONS

Vanguard Village is a residential community, where homes are defined as a "single family dwelling". All residents (owners and others) are required to comply with the Association's governing documents; the Articles of Incorporation, the Declaration of Restrictions, and the By Laws. The following Rules and Regulations are a compilation of issues outlined in those documents and the most current policies approved by the Board of Directors where the documents allow for interpretation:

I. HOME & LOT MAINTENANCE

- A. No trespassing. Each lot is private property and shall be free from people entering without the owners' permission, unless authorized by the Board of Directors, on behalf of the Association. Because yards are considered common areas for purposes of Association required maintenance, contracted vendors must have access to the property to fulfill those obligations including maintenance of the lawns and the irrigation system, as well as the investigation of complaints and/or rules violations.
- B. The community irrigation system and all its equipment is owned and maintained by the Association and its' contracted service providers are the only people authorized to make changes, repairs and/or alterations in its operation. Residents are not authorized to adjust timers or other equipment. The cost of repairs due to damage caused by residents or their guests will be charged back to the homeowner.
- C. No trade, business, or commercial endeavor may be practiced on any lot in Vanguard Village.
- D. No signs may be erected in Vanguard Village without prior approval of the Board. Exceptions include temporary real estate, political and special occasion signs.
- E. All driveways must be kept clean and well maintained. No graveled or black-topped driveways are allowed in Vanguard Village.
- F. All trash receptacles shall be stored away from public view.
- G. All lawns shall be free of trash, debris, etc.
- H. All exterior surfaces of homes shall be well-maintained; including painting, cleaning and necessary repairs.
- I. All landscaping shall be maintained (trees, shrubs, etc); including proper pruning, the removal of dead trees, stumps, etc., and the disposal of the resulting debris.
- J. No portable buildings, trailers or dumpsters may be placed on a lot, unless it is there temporarily during the course of active construction. No freestanding sheds, storage containers, etc. are allowed on any lot without prior approval of the Board which requires completing and submitting an Architectural Change Application.

VANGUARD VILLAGE #15 HOMEOWNERS MAINTENANCE ASSOCIATION, INC.

II. ARCHITECTURAL CHANGES

- A. All changes to the exteriors of homes and/or lots, including expansion of driveways and installation of a fence must be approved by the Board of Directors, through the Architectural Review process; in addition to the City of Tamarac, through the Building Department permit process.
- B. An Architectural Change Application is available upon request from the Management company that must be completed and submitted to the Board prior to starting any changes. All documents included with the application for an architectural change will become part of the permanent records of the Vanguard Village Homeowners Association.
- C. Fences in Vanguard Village must comply with the following standards:
1. Maximum height allowed is 8 feet.
 2. The only type of fence NOT allowed is chain link.
 3. No fences of any kind may be erected in the "front yard area" of any lot. For those homes on a corner lot, that includes the side of the property adjacent to the side street.
 4. In all home locations, fences can extend straight back from the rear edge of the side wall of the home toward the rear property line as far back as the City's permit will allow; in accordance with any easements the City may require.
 5. Homes not on a canal, corner lot, cul-de-sac or pie shaped lot can also extend their fence from the back wall corners of their home straight out to the side property lines.
 6. Regarding fence installation that includes enclosing side yards, the Board will review the applications and determine approval or denial on an individual basis according to the following general guidelines from our documents:
 - On corner lots, no fences are allowed on the side yard adjacent to a street.
 - On cul-de-sac and pie shaped lots on/near a canal, fences should not block the view of their neighbors.
 - In all other cases, the size of the area between the homes will determine if it's realistic to extend the fence from the edge of the home out to the side property line forward toward the front corner of the home.
- D. In the event any architectural application is not approved by the Board of Directors, the applicant may apply for approval at a meeting of the General Membership of the Association. Upon a favorable vote by a majority of the Membership where a quorum is present, the Board of Directors must grant approval of the applicant's request.

VANGUARD VILLAGE #15 HOMEOWNERS MAINTENANCE ASSOCIATION, INC.

III. VEHICLES

- A. Vehicles must be parked on a paved surface; your driveway. Parking on the grass is prohibited and therefore a violation.
- B. Do not park your vehicles, nor allow visitors/guests to park vehicles on neighbors' property/driveway without prior permission.
- C. Commercial or recreational vehicles of any size, boats and boat trailers or similar cannot be parked in plain sight anywhere in Vanguard Village. If it fits in your garage, that's fine. The Board of Directors is willing to review individual written requests for an exception due to extraordinary circumstances; i.e. catastrophic events.
- D. All visible vehicles must be operable, with a valid registration tag. Minor mechanical repairs can be made in your driveway but must be completed within a reasonable amount of time; 48 hours.
- E. Temporary parking of vehicles at the clubhouse by residents and their guests is allowed as long as the vehicles are licensed, registered and operable.

IV. COMMUNITY RULES

- A. All dogs shall be kept on a leash, securely under the owner's control and the owner will be responsible for the removal of their pet's excrement.
- B. Keep the noise levels down between 11:00 p.m. and 7:00 a.m.; including vehicles, machinery, and electronic equipment. An exception would be the use of generators after a catastrophic event.
- C. All private clubhouse events and activities must be scheduled through the property management company and are subject to the rules outlined in the Clubhouse Usage Agreement. Other activities scheduled for the clubhouse must be open to all members of the Association.
- D. If the Board or the Property Manager determines a member is guilty of violating any of the covenants contained in the documents or any of the rules and regulations contained herein, they will be sent a courtesy letter describing the infraction. It will advise the owner to correct the problem within a given period of time, depending on the violation, and encourage them to contact the property manager regarding the issue. Non-compliance or non-response will result in a second letter of notification through registered mail. Further non-response will result in the Association using all options available to try to enforce compliance.
- E. When listing your property for sale or lease, please notify the Association by contacting our property management company to follow the established procedures.
 - If a sale, the new owner must provide a copy of their recorded title to the management company for the Associations records.
 - If a lease or other contract, please provide a copy of the contract to the management company with occupant contact information. The owner remains responsible for tenant compliance with Association Rules and Regulations.
